## SIX BREAK OUT FROM SING SING

Beat Keeper Insensible and Gag Another

CUT UP BLANKET TO GET OUT

One Comes Back to Prison—Other Five All Get Safely Away, and No Trace of Them Has Been Found.

Ossining, N. Y., Oct. 8.—Five convicts escaped from Sing Sing prison early yesterday by sawing the bars of a window on the second floor of the chapel dormitory and letting themselves down on ropes, made by tearing portions of their clothing into strips. The men dropped into the Hudson river and swam down stream.

The men who escaped are Israel Blum,

## HIRAM CARPENTER'S WONDERFUL CURE OF PSORIASIS

"I have been afflicted for twenty years with psoriasis, and others leprosy, commencing on my scalp; and in spite of all I could do, with the help of the most skilled doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be a dust-pail of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One day I treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet badly swollen; toes came off; fingers dead and hard as a bone; hair dead, dry and lifeless as old straw. O my God! how I did suffer. My sister would not give up, said, 'We will try Cuticura.' Some was applied on one hand and arm. Eureka! there was relief; stopped the terrible burning, itching from the word go. They immediately got Cuticura Resolvent, Ointment and Soap. I commenced by taking Cuticura Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Ointment morning and evening. Result: returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper. Hiram E. Carpenter, Henderson, N. Y."

The above remarkable testimonial was written January 19, 1880, and is republished because of the permanency of the cure. Under date of April 22, 1910, Mr. Carpenter wrote from his present home, 610 Walnut St., So. Lansing, Mich.: 'I have never suffered a return of the psoriasis and although many years have passed I have not forgotten the terrible suffering I endured before using the Cuticura Remedies.'

Joseph Walte, Robert Boylan, Walter Braugan and William Green. The first four were serving short terms and were confined in the chapel dormitory, which, although not so strong as the prison proper, has been forced into use by the crowded state of the institution.

It developed that in the breakaway, the two keepers in the dormitory were attacked by the desperate men, one keeper being pounded into insensibility and the other bound hand and foot and rendered helpless.

TUFT "FRESHIES" PERFORM.

One Grinds Box and Another Plays a Mouth Organ.

Boston, Oct. 7.—Tufts students leaving Goddard Chapel after the morning service yesterday saw one of the most successful hazing stunts of the season. The sophomore freshmen activity centered about a large packing case in front of the chapel, bearing the legend, "1914 Brand; Drop Your Bricks Here; License Refused."

Howard H. Terhune, a freshman from Dorchester, lead the band practice, standing beside the packing case and winding the crank of the imaginary organ. Sharing the honors with him was Edwin Hebb of Rosindale, who played a mouth organ within the case. The final performer was Joseph A. French of Waltham, the smallest youth in the freshman class. Clad in a suit of pajamas, a boy's brown suit, and a blue cap with an ostrich feather, he illustrated the stunts which an organ grinder's monkey should perform.

There was also a side show to the main performance by six freshmen dressed as little boys, who mingled with the crowd, and played "Ring Round the Rosy" and other games, supposed to be suitable for freshmen.

WOMAN OUT FOR CONGRESS.

Will Run Against Nicholas Longworth in Cincinnati.

Cincinnati, Oct. 8.—The tariff will be taboos as a small issue, and the question of Cannonism may not even be thought of in the campaign which Dr. Sarah M. Sievers, suffragist, will make for election to Congress from the 1st Ohio district against Congressman Longworth, Republican, and Dr. Thomas F. Hart, Democrat.

Dr. Sievers was put in nomination by the Susan B. Anthony club, and if 700 qualified electors (meaning men qualified to vote) sign her petition, her name will go on the ballot.

"Righteous rule will be my campaign theme," said Dr. Sievers, "and righteous rule includes the representation of women in the government of the country."

"Even prize fighters have representation in Congress, but the women, who are equals of men in intelligence and numbers, haven't a single representative."

FIVE YEARS FOR MINISTER.

Sharp Sent to Dannamora for Abduction of Girl.

Schenectady, N. Y., Oct. 8.—Clinton Dewitt Sharp, formerly a minister of the Seventh Day Adventist congregation in this city, who pleaded guilty to the charge of abduction, in having eloped with one of his former parishioners, Eunice G. Whittaker, a 14-year-old girl, was yesterday sentenced by Justice Charles C. Van Kirk in the supreme court, to a term in Dannamora state prison not to exceed five years and six months.

Sharp and the girl eloped from South Schenectady and were caught in Kansas City, Mo., and brought back to this

## A HOME OF PALMS AND FLOWERS

Peruna the Only Medicine that Ever Entered this Home

I Suffered with Kidney Trouble. Mr. Robert H. Norris, 556 East 11th St., East Oakland, Cal., writes: "We have never had any other medicine but Peruna in our home since we have been married. I suffered with kidney and bladder trouble, but two months' treatment with Peruna made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong. We are both very grateful to you and gladly do we give this unsolicited testimonial, feeling that it is the least we can do in return for what Peruna has done for us."

Catarth Entirely Relieved. Mr. Ira Henney, Fairfield, Freestone Co., Texas, writes: "I am completely cured of all symptoms of catarth. I can truly say that Peruna is the best medicine I ever saw. I will always recommend Peruna to all my friends, for catarth."

WANTED CORTES POSTPONED. Premier Canalejas Refused, Thinking It Would Precipitate Matters.

Madrid, via Hendaye, France, Oct. 7.—Cortes convened late this afternoon. The members are intensely excited over news from Portugal, but the official proceedings followed the usual formalities. Leading monarchists implored Premier Canalejas to postpone the session, but the latter declined, believing that such action would precipitate country-wide disorders.

## HOG CHOLERA IS CONQUERED

Government Has Developed a Serum That Will Bring Great Saving to Farmers.

Washington, Oct. 7.—Cholera, the great scourge that has so long served to render the raising of hogs a hazardous undertaking, has, in the opinion of experts of the agricultural department, been conquered. The bureau of animal industry of that department has been getting cumulative evidence for some time to show how efficacious as a preventive of the disease is a new serum which the bureau has been testing. As the crowning triumph of the serum, the bureau describes an experiment at the Union stock yards at South Omaha, Neb., in co-operation with the Union Stock Yards company of Omaha.

"The stock yards company," says the bureau, "purchased thirty pigs weighing from forty to sixty pounds each from

a farm which had been free from hog cholera for several years. These pigs were brought to the stock yards, and on July 23, 1910, four of them were infected with blood from hogs sick of hog cholera. These inoculated pigs were placed in a pen by themselves and within five days they had become sick, at which time eighteen of the remaining pigs were each given one dose of the serum, while the other eight pigs were not treated in any way. The eighteen serum treated pigs and the eight untreated pigs were then placed in the same pen with the four pigs which had been made sick by inoculation.

"The four pigs which we had at first given hog cholera, all died and the eight untreated pigs all contracted the disease from them. The eighteen pigs which were given serum, and which were confined in the same pen with the four original sick pigs and with the sick untreated pigs, remained perfectly well and were finally turned over to the officials of the Stock Yards company upon the completion of the experiment, Sept. 17, 1910."

The department of agriculture does not distribute this serum to farmers, but is endeavoring to bring the value of this method to the attention of the stock raising interests, in order that they may arrange to secure state funds for the manufacture and distribution of the serum.

WAS FATALLY CRUSHED.

Cyrus W. Wheeler, Boston & Maine Brakeman, Was Killed.

Williamstown, Mass., Oct. 7.—Cyrus W. Wheeler, aged 34, a brakeman on the B. & M. railroad, was caught between two cars in the railroad yard yesterday afternoon and fatally injured.

He attempted to pass between two cars, one of which was moving, when he was pinned between the cars and his right side crushed, every rib in it being broken. He was taken to the North Adams hospital.

He has a wife and one child. He has worked on the railroad only a short time.

## When You Think

Of the pain which many women experience with every month it makes the tenderness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.
